

SHYLOCK

Shylock was the man who wanted a pound of human flesh. There are many Shylocks now, the convalescent, the consumptive, the sickly child, the pale young woman, all want human flesh and they can get it—take Scott's Emulsion.

Scott's Emulsion is flesh and blood, bone and muscle. It feeds the nerves, strengthens the digestive organs and they feed the whole body.

For nearly thirty years Scott's Emulsion has been the great giver of human flesh.

We will send you a couple of ounces free.

SCOTT & BOWNE, Chemists.

CURES CHILLS AND FEVER.

G. W. Wirt, Nacogdoches, Texas, says: "His daughter had chills and fever for three years; he could not find anything that would help her till he used Herbine. His wife will not keep house without it, and cannot say too much for it." 50c. Sold by Crenshaw & Young. 10 8 ml

Y. M. C. A.

In response to the suggestion of Hon. John Barrett, United States Minister to Panama, through the State Department at Washington, the International Committee of Young Men's Christian Associations has sent one of its secretaries to investigate conditions and pioneer Association work at Panama and Colon. This incident illustrates the public confidence which this organization has won in recent years. The accounts of its work in the last Year-Book show that the public confidence is fully warranted. The membership in North America is well past the quarter million mark, its property exceeds \$28,000,000 in value, more than one hundred and fifty thousand men exercise regularly in its gymnasiums and its evening educational classes enroll more men than the nine largest universities in our country. The Association movement in Missouri is keeping pace with the general progress, and the State Convention

which meets at Marshall on November 17-20, will bring to-gather some of the foremost men in the country to discuss the work of the past year and make plans for future development and extension. Among the prominent speakers who will be present are F. S. Brockman of Chiba, E. A. Steiner of Iowa, J. W. Williamson, D. D., of St. Louis, H. A. Gregg of New York, H. M. Beardsley of Kansas City, Judge Selden P. Spencer of St. Louis, John F. Moore of New York, C. S. Bishop of Kansas City, J. E. McAfee of Park College, and T. S. McPheeters of St. Louis. The railroads are offering reduced rates and entertainment is provided by the citizens of Marshall for all accredited delegates. The State Executive Committee of the Young Men's Christian Associations, with headquarters in St. Louis, is in charge of the details of arrangement and will be glad to have correspondence with the men from communities where there are no Associations organized, but who are interested in the best development of men.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation. 10-8 ml

Waterson on Parker.

Below is Waterson's view of Parker: "Judge Parker does not sport a big stick, nor wear a ruffe to his shirt— which is clean—nor ape the bad manners of the 'four hundred,' whilst gently chiding their morals keeping their company. Not a dollar of honest accumulation will suffer by his election; not a poor laborer striving for his livelihood will be the gainer by it. We shall remain a world power, but a world power maintaining itself by peaceful arts instead of bullying manifestoes and senseless, costly display of force. The country can go to bed sure that it will not get up to find any burglarious enterprise against weaker nations consummated over night. It can go to sleep sure of waking up in the morning on no precipitated foreign complications, artfully contrived to exploit the president and glorify the administration. The mills whirl again, the fields will bloom anew, for the rascals will be driven out and the would-be man on horseback will have taken himself off to ask the reason why of Diaz, or to find his consolation in the congenial society of the Kaiser and the Tsar."

Married, at the home of the bride near Chapel Hill, Wednesday, Oct. 5, Ralph Shelton and Miss Ida Johnson.

Wine of Cardui Cured Her.

213 South Prior Street, ATLANTA, GA., March 21, 1903.

I suffered for four months with extreme nervousness and lassitude. I had a sinking feeling in my stomach which no medicine seemed to relieve, and losing my appetite I became weak and lost my vitality. In three weeks I lost fourteen pounds of flesh and felt that I must find speedy relief to regain my health. Having heard Wine of Cardui praised by several of my friends, I sent for a bottle and was certainly very pleased with the results. Within three days my appetite returned and my stomach troubled me no more. I could digest my food without difficulty and the nervousness gradually diminished. Nature performed her functions without difficulty and I am once more a happy and well woman.

OLIVE JOSEPH, Dress Atlanta Friday Night Club. Secure a Dollar Bottle of Wine of Cardui Today.

GOOD for OLD and YOUNG

August Flower keeps the children healthy and strong. Pull of rigor and frolic the whole day long. So when Mamma needs more they rush off in high glee. And shout to the druggist: "Please give it to me!"

Inability to get up brisk and fresh in the morning, lack of appetite, pallor, muddy complexion and poor spirits—these all indicate a disordered stomach and bad digestion—in adults and children, too. They also indicate the urgent need of taking Green's August Flower regularly for a few days. It's a reliable old remedy for all stomach troubles, never fails to cure indigestion, dyspepsia and chronic constipation, and is a natural tonic for body and mind. In two sizes, 25c and 75c. All druggists.

Leroy Farmer, Lexington, Mo.

The Outlook in New York.

With the Presidential election but four weeks away, important political events are crowding fast upon each other. The absolute certainty that the great State of New York has passed out of even the shadow of Republican supremacy, is working a remarkable change in the situation in other so-called "doubtful" States.

So far as New York is concerned, evidence increases in volume and variety, that the Republican managers are panic stricken. The die is cast. The handwriting is upon the wall. No astrologer is needed to foretell what will happen in the Empire State on the 8th of November. That Parker and Herrick will carry New York by overwhelming majority is beyond question. The opposition is divided and disheartened. The people "will sweep all of Odell's creatures into the Hudson River," and make a clean job of it by using Roosevelt and Fairbanks as a sinker. More Democrats will sit in the New Legislature next year than have sat there in the decade; more Democrats will be sent to Congress from New York than have been elected in any year since 1892.

GOOD FOR CHILDREN.

The pleasant to take and harmless One Minute Cough Cure gives instant relief in all cases of cough, croup and lagrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. Sold by Crenshaw & Young, Druggists, 10-8

Connecticut and New Jersey.

A canvass of New Jersey and Connecticut convinces the Democratic managers that once more the old saying, "As goes New York, so go New Jersey and Connecticut," will come true. It requires but a change of a few thousand votes in those two states to land them in the Democratic column. The friends of Bryan and Hearst are numerous in both States, and with very few exceptions they are loyally supporting the Democratic ticket, State and National. The Republicans will, of course, fight desperately to hold New Jersey and Connecticut, and their resources in money and patronage are almost without limit. But in those States, as in New York, Democratic victory is "in the air," and all but the most hide-bound of their partisans admit it.

SAVED HIS LIFE.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump in my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty-cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." 25c, 50c, \$1.00. Sold by Crenshaw & Young. 10-8 ml

Frank Conkling, brother of Virgil and Newland Conkling of Carrollton, died of Bright's disease at Hot Springs, Arkansas, October 14.

Died, in Odessa, Tuesday evening, October 13, Mrs. S. Everett, aged 55 years. The remains were taken to Meadville, Mo., for interment.

Dover's Distinction.

The following appeared in the Kansas City Star of last Sunday as a special item from Higginsville:

The little town of Dover, eight miles from this city is one of the oldest towns in the state. The population is about 400 and is no larger than it was fifty years ago. The state convention of the United Daughters of the Confederacy in St. Louis last week elected Mrs. J. H. Campbell of Lexington state president. There would be nothing singular about this, were it not that three of the five presidents of the organization were born, reared and married in Dover. Mrs. John N. Edwards, wife of the late Colonel John N. Edwards, one time editor of the old Kansas City Times, was formerly president of the Daughters of the Confederacy; Mrs. A. E. Asbury of this city was another. Another president born and reared in the country, in Lexington, is Mrs. R. E. Wilson. The fifth president was Mrs. Anna Washington Rapley of St. Louis. Mrs. Campbell is the wife of the circuit clerk, J. H. Campbell.

Dover has many quaint old buildings. The people are of the old school. They know that the world is large and that civilization is advancing with the age. But this does not interfere with their old-time methods of organization. They still use the old churches erected half a century ago. There is the genuine religion, the kind that cuts the frills off.

PILL PLEASURE.

If you ever took DeWitt's Little Early Risers for biliousness or constipation you know what pill pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not gripe, sicken or weaken but pleasantly give tone and strength to the tissues and organs of the stomach, liver and bowels. Sold by Crenshaw & Young, Druggists, 10-8

A New Method in Agricultural Education.

The Missouri Agricultural college has originated and this winter put into operation a method of instruction which promises to revolutionize agricultural education. In co-operation with the State Board of Agriculture and the Missouri Pacific railway, the college has fitted out a special car with charts, diagrams, lantern slides, best varieties of grains, forage plants, orchard trees and small fruit. This car is in charge of lecturers from the college who at the towns where it stops show the exhibit and explain to the visiting farmers the best methods of growing all varieties of farm and garden plants. The plan is proving remarkably successful. At Doniphan, Missouri, over two thousand persons passed through the car in one day. The idea is original with the Missouri Agriculture college and promises to become the most successful method yet devised for carrying agricultural instruction directly to the farmers.

CAN YOU EAT?

J. B. Taylor, a prominent merchant of Christman, Texas, says: "I could not eat because of a weak stomach. I lost all strength and ran down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol Dyspepsia Cure, I concluded to try it. The first bottle benefited me, and after taking four bottles I am fully restored to my usual strength, weight and health." Kodol Dyspepsia Cure digests what you eat and cures. Sold by Crenshaw & Young, Druggists, 10-8

Kresse-Maddox.

Waverly Watchman: A very pretty wedding occurred at the home of the bride's parents five miles west of Waverly last Thursday, October 6.

The contracting parties were Mrs. Anna G. Maddox and Mr. Charles J. Kresse. The groom is a prominent young farmer living near Concordia. The bride is the daughter of Mr. Will Maddox.

Immediately after the ceremony a wedding breakfast was served after which the newly wedded couple drove to the home of the groom's parents where a reception was tendered them in the evening.

The ceremony was performed by the young lady's pastor, Rev. G. L. Coffman.

Born, Friday Oct. 7, to Mr. and Mrs. L. F. Benning of Odessa, a son.

Born, to the wife of Mrs. John Parrot, near Odessa, October 6, a son.
